

DEPARTMENT OF TRANSPORTATION**Coast Guard****33 CFR Part 117**

[CGD09-95-004]

Drawbridge Operation Regulations; Chicago River, IL**AGENCY:** Coast Guard, DOT.**ACTION:** Notice of establishment of negotiated rulemaking committee and first meeting.

SUMMARY: The Coast Guard establishes a negotiated rulemaking committee to develop regulations governing the operation of Chicago owned drawbridges over the Chicago River in Chicago, Illinois and the passage of recreational vessels under those bridges. The committee is established in accordance with the Negotiated Rulemaking Act of 1990 and the Federal Advisory Committee Act.

DATES: The first meeting of the negotiated rulemaking committee will be held on June 5, 1995 between 9:00 A.M. and 5:00 P.M. Additional meetings will be held on June 14, 1995, June 20, 1995, June 28, 1995 and July 12, 1995, at the same times and place, unless otherwise scheduled by the committee.

ADDRESSES: The committee meetings will be held in room 326, Ralph H. Metcalfe Federal Building, 77 West Jackson Street, Chicago, Illinois, 60604.

FOR FURTHER INFORMATION CONTACT: Carolyn Malone, Ninth District Bridge Branch, Ninth Coast Guard District, 1240 East Ninth Street, room 2083, Cleveland, Ohio, (216) 522-3993 between the hours of 8:00 A.M. and 3:00 P.M. Should the dates, times or location of any subsequent committee meeting change, recorded information will be provided at the above telephone number outside of those hours.

SUPPLEMENTARY INFORMATION: The Coast Guard published a notice of intent (notice) to form a negotiated rulemaking committee on April 10, 1995 (60 FR 18061). The notice discussed the Coast Guard's intention to proceed in accordance with the Negotiated Rulemaking Act of 1990 (Pub. L. 101-648) and establish the Chicago Drawbridge Negotiated Rulemaking Committee (committee) to develop regulations that provide a permanent and acceptable resolution to the issues involved in drawbridge openings for recreational vessels on the Chicago River. Regulations governing the operation of the drawbridges are located at 33 CFR 117.391 and are issued under the authority of 33 U.S.C. 499. The

notice also identified interests that would be affected by amendments to the current regulations. The Coast Guard solicited comments on the issues raised in the notice and nominations for membership on the committee. The closing date for comments and nominations was May 8, 1995.

No comments were received on the issues to be considered by the committee. Several nominations for membership were received. Separate discussions were held by the neutral facilitator engaged by the Coast Guard with each of the interests identified in the notice and with others identified during the comment period. As a result, the Coast Guard is establishing the committee and beginning the negotiation process. As required by the Federal Advisory Committee Act (5 U.S.C. App.) (FACA), the committee charter has been approved by the Secretary of Transportation and submitted to the General Services Administration. The following interests are represented on the committee: the City of Chicago, boatyard owners, boaters, commercial interests in Chicago, and the Coast Guard.

The first meeting of the committee will be held in Chicago on June 5, 1995 at the time and location indicated at the beginning of this notice. The purpose of the first meeting is to: (1) Discuss the charter, goals, and mission of the committee; (2) present the issues to be considered by the committee; and (3) approve the organizational protocols by which the committee will operate. At the first session, there will be discussion of the negotiation and rulemaking process and an explanation of the statutory basis for the Coast Guard's drawbridge regulations.

The schedule of additional meetings provided earlier in this notice will be considered by the committee at its first meeting. In order for new regulations to be effective for the Fall 1995 close of the boating season, committee meetings must be concluded by 12 July 1995. Therefore, this schedule may be changed and additional meetings may be held on short notice. Announcements of these meetings will be published in the **Federal Register** if time for meaningful advance notice is available. Information on all meetings of the committee will be available by calling (216) 522-3993 or from the contact person indicated at the beginning of this notice.

Attendance at committee meetings is open to the public, subject to space availability. Persons wishing to present oral statements at a meeting should notify the contact person no later than the day before the meeting. Any member

of the public may submit written statements to the committee at any time, also through the contact person.

Dated: May 11, 1995.

Paul J. Pluta,

*Captain, United States Coast Guard,
Commander, Ninth Coast Guard District,
Acting.*

SUPPLEMENTARY INFORMATION:**Background**

EPA announced its intent to amend the I/M Program Requirements in December 1994 and held stakeholders' meetings on January 24, 1995 and January 31, 1995. The proposal creates a second, less stringent enhanced I/M performance standard that could be

used in areas that can demonstrate an ability to meet the 1990 Clean Air Act deadlines for Reasonable Further Progress and attainment while implementing an I/M program that falls below the originally promulgated enhanced I/M performance standard. The proposed action would also revise the high enhanced I/M performance standard to include a visual inspection of the positive crankcase ventilation (PCV) valve on all light-duty vehicles and light-duty trucks from model years 1968 to 1971, inclusive, and of the exhaust gas recirculation (EGR) valve on all light-duty vehicles and light-duty trucks from model years 1972 through 1983, inclusive. The proposal also solicits public comment on whether or not EPA should include revised regulatory language in its final rulemaking which change the population cutoff for basic I/M from 50,000 persons to 200,000 persons. Lastly, the proposal would make clarifying amendments to the I/M requirements for areas undergoing redesignation.
